

# Javier Agustin Ale

SOFTWARE DEVELOPER

## Profile

I'm a 24 year-old Argentinian software developer. I got my degree in the year 2019. I'm really passionate about developing software and I'm always updating my knowledge by reading official documentation, taking courses or learning from my colleagues.

I'm currently working as a full stack developer and taking some online courses, I'm really into learning about new technologies.
